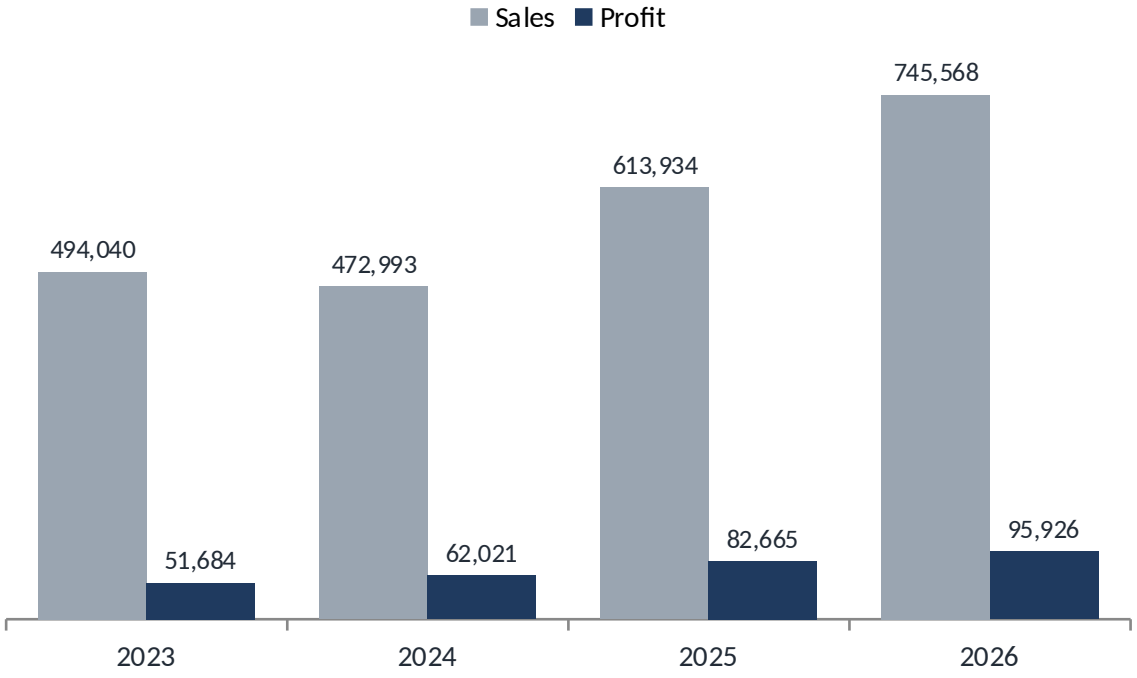
Sales are up 51% since 2023, but only about 13 cents of every dollar is profit

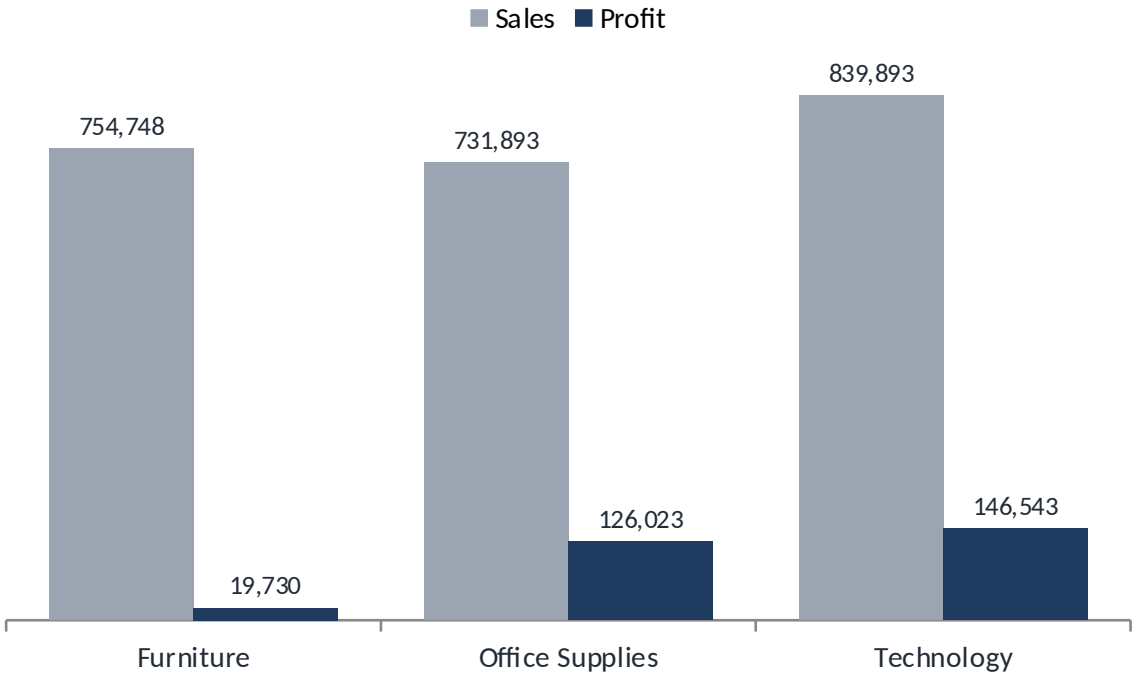


$2.33M
Total sales, 2023-2026

$292K
Total profit

12.6%
Overall profit margin

Furniture sells as much as the other categories but keeps only 2.6% as profit

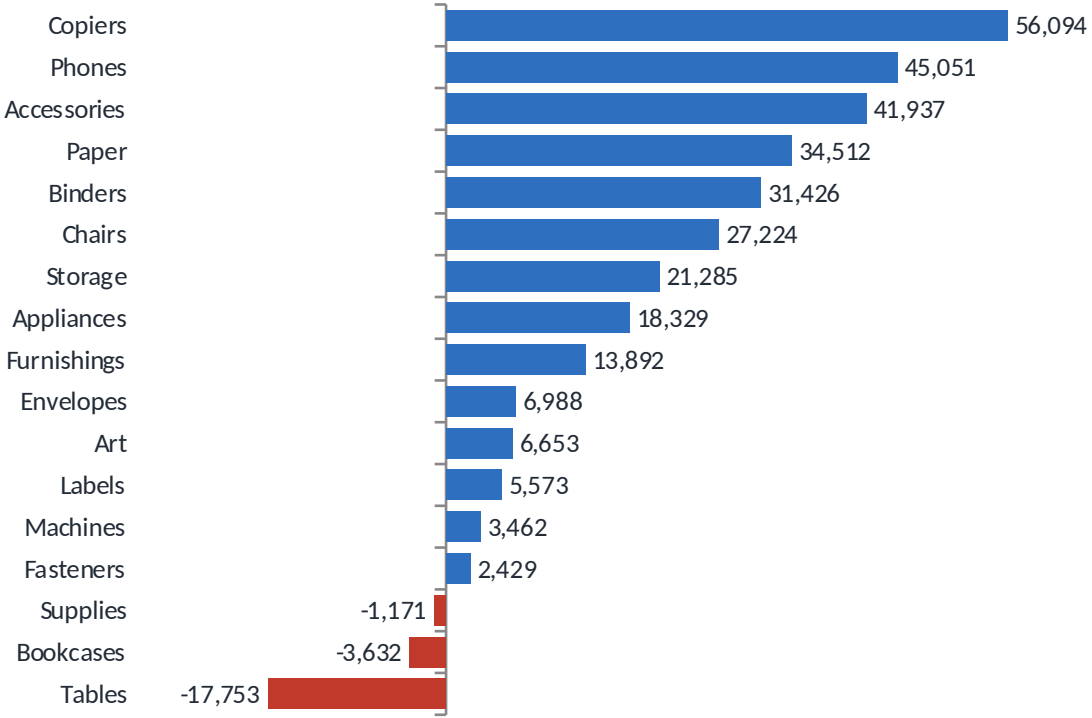


2.6%
Furniture profit margin

17.2%
Office Supplies margin

17.4%
Technology margin

Tables, Bookcases and Supplies lose money, and Tables alone lose $17.8K

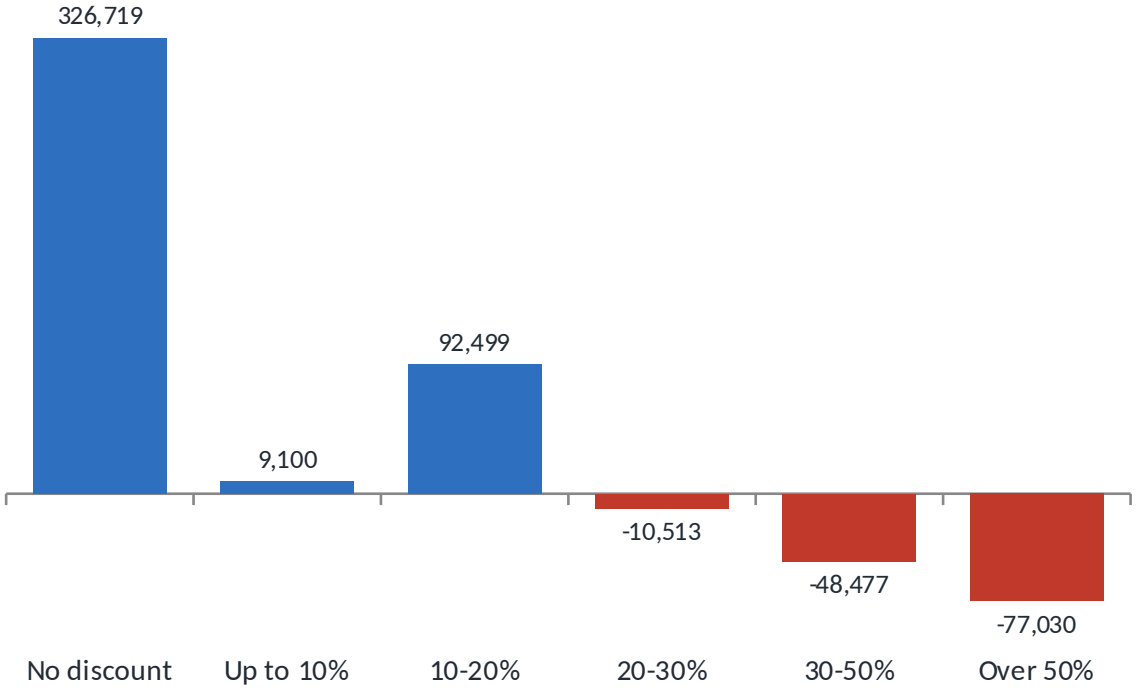


3 of 17
sub-categories lose money

-$22.6K
combined loss of the three

$56K
Copiers, the top earner

Orders discounted over 20% lose $136K, wiping out almost half of all profit



-$136K
profit lost on orders above 20% discount

16%
of sales come from those orders

$327K
profit on full-price orders

Recommendation: cap discounts at 20% and fix Furniture pricing

1 Cap discounts at 20%

Every band above 20% loses money. Require approval for anything higher.

Evidence: Slide 4

2 Review Tables and Bookcases

Reprice or cut deep discounts on the two loss-making Furniture lines.

Evidence: Slides 2-3

3 Grow high-margin lines

Copiers, Paper and Accessories earn well. Give them more focus.
